

# The Smartphone Breakdown

Instructions: Hover your mouse over any segment to get more information about the device and component cost at time of release. To examine a single component category, select it by clicking on the key to the right of the chart. To deselect it and see all components, click on any whitespace within the frame.

The chart shows cost data broken down by model for the Apple iPhone and Samsung Galaxy S series of phones. Segments marked with (✓) contain additional information about trends or other factors affecting costs. Switch between a chart displaying proportional and absolute costs using the radio buttons on the right.
